Important notes:

- Industry Symposia are not included in main Congress CME credit.
- In order to support you in the best possible way, please share your plans and requirements with us. This information is invaluable for the success of your symposium. Please coordinate directly with the Industry Coordinator at ogiurgiu@kenes.com
- We recommend arriving early to set up the hall prior to the start of your Symposium. A member of the Kenes Operational team will be available should you need any assistance. There is a 30 minute break between Educational Symposia and the start of Lunch Time Sessions. As a sponsor, you may use this time to set your room and to check in attendees.

The Industry Sponsored Lunch Time Sessions schedule will be available 3 months prior to the event, approximately.

*Timetable and halls are subject to change. The most updated timetable will be published on the [Congress website](#).

The **Industry Lunch Time lectures and workshops** will be offered to all Congress attendees at no charge during each lunch break. As a sponsor, you will be provided a meeting room to present hands-on workshops, video demonstrations, and/or lectures of your choice.

Lunchtime workshops have increased in popularity allowing for maximum exposure and personal interaction with meeting attendees.

Important notes:

- Industry Symposia are not included in main Congress CME credit.
- In order to support you in the best possible way, please share your plans and requirements with us. This information is invaluable for the success of your symposium. Please coordinate directly with the Industry Coordinator at ogiurgiu@kenes.com
- We recommend arriving early to set up the hall prior to the start of your Symposium. A member of the Kenes Operational team will be available should you need any assistance. There is a 30 minute break between Educational Symposia and the start of Lunch Time Sessions. As

a sponsor, you may use this time to set your room and to check in attendees.

- Handouts can be distributed at the entrance to the Symposium Hall at the start of the Lunch Time Sessions; however, it is NOT permitted to place material on the chairs inside the hall.
- Printed tent cards placed on the head table are allowed and should be produced and provided by supporter.
- We ask presenters to follow the time schedule precisely in order that the day's events may run smoothly.

Affiliate Event of Function

Groups who wish to hold an event or function in conjunction with 15th Biennial ISAKOS Congress must secure approval from ISAKOS. Completed Affiliate Event or Function Request Forms must be submitted to ISAKOS to ensure event dates/times do not conflict with ISAKOS programming. Please review the [Affiliate and Exhibitor Meeting Space Regulations](#) for further details.

- Catering is exclusive to **Käfer Service GmbH**, and should be ordered in advance.
- For **Lunchtime sessions**, ISAKOS will order **boxed lunches** based on the total number specified in [this form](#). Boxed lunches **are 35€/each**. Price is inclusive of gratuity, taxes and service charges. Sponsors will have the ability to increase/decrease order based on final registration numbers.
- Please note that additional charge might be applied for cleaning the hall immediately following the session.
- Please note that a 30-minute break has been built into the program, between Lunch Time Sessions and the start of educational sessions. This break is mandatory per ACCME Guidelines and will be used to clean the halls.
- If you are planning to offer catering together with the symposium, it is recommended to indicate this in all publications (as long as it is in line with the supporter's internal compliance policy.)

We strongly recommend scheduling a technical rehearsal in the hall itself and testing the Presentations during that rehearsal. Please plan directly with the conference Audio Visual Coordinator, Mike Perchig at: nest@nest-av.com

Delivery & Logistic Services

Merkur has been appointed the official forwarding agent and clearance agent for this Congress and offers the following services: customs clearance, delivery to the stand, freight forwarding, manpower & trolleys for un-loading/loading during build-up and dismantling, storage of empty crates, transportation to and from the Exhibition Hall.

For security, insurance, and efficiency reasons, Merkur is the sole official agent to handle cargo inside the venue.

Booth builders are prohibited from using trolleys during set-up and dismantling periods.

Kindly note that the official agent is the exclusive agent for move in and move out of the venue.

Exhibitors and Booth builders are free to deliver their goods or to pick their goods up from outside the venue. Those who use their own facilities up to the venue are requested to coordinate their time schedule and unloading of their cargo into the venue with the official logistics agent.

Insurance of Goods

All cargo should be insured from point of origin.

Exhibition Goods and Display Materials

Please Note: All advanced shipments and deliveries to the Merkur warehouse, including by courier, must be coordinated with Merkur.
